EDUCATION

- 2016
Diploma in Mechanical Engineering – 67%
KLE's Polytechnic, Mahalingpur
- 2013
SSLC – 70%
Government High School, Banahatti

CORE COMPETENCIES

- ➔ Front-End Architecture & SPA Development
- ➔ Angular Application Development
- ➔ RESTful API Integration & Performance Optimization
- ➔ State Management with NgRx & RxJS
- ➔ Responsive Design & Cross-Browser Compatibility
- ➔ Agile/Scrum Project Management
- ➔ UI/UX Design Implementation
- ➔ Mentoring & Team Leadership
- ➔ Stakeholder Communication & Requirement Analysis

TECHNICAL SKILLS

- ➔ **Programming Languages:** JavaScript (ES6+), TypeScript
- ➔ **Frameworks/Libraries:** Angular (v4–v17)
- ➔ **Web Technologies:** HTML5, CSS3, SCSS
- ➔ **UI Frameworks:** Angular Material, Material UI, Bootstrap
- ➔ **State Management:** NgRx, RxJS
- ➔ **API & Integration:** RESTful APIs
- ➔ **Version Control & DevOps:** Git, Azure DevOps
- ➔ **Project Management Tools:** Jira, Agile Methodologies

PERSONAL DETAILS

- ➔ **Date of Birth:** 22nd July 1997
- ➔ **Languages Known:** English, Hindi & Kannada
- ➔ **Address:** Bangalore, India

JOB OBJECTIVE

Front-End UI/Web Development professional targeting to leverage **over 7 years** of expertise in designing and developing **high-performance, scalable, and responsive Single Page Applications (SPA)** across Healthcare, BFSI, Real Estate, SaaS, and Job Portal domains. Aiming to contribute to strategic-level roles in **UI/UX development, front-end architecture, and application performance optimization** within a dynamic technology-driven organization.

PROFILE SUMMARY

- ➔ Result-driven professional in **Front-End Development**, specializing in **Angular (v4–v18), TypeScript, JavaScript, HTML5, CSS3, and RESTful API integrations**.
- ➔ Proven expertise in **state management** using **NgRx and RxJS**, enhancing **application scalability and maintainability** for enterprise-grade SPA solutions.
- ➔ Displayed ability to deliver **responsive, cross-browser compatible and performance-optimized applications** for multiple domains, including **Healthcare, BFSI, Real Estate, SaaS, and Job Portals**.
- ➔ Skilled in **Agile/Scrum environments**, collaborating with stakeholders and cross-functional teams using **Jira, Azure DevOps, and Microsoft Teams**.
- ➔ Experienced in **mentoring junior developers, leading architecture discussions, and driving development best practices**.
- ➔ Consistently delivered **quantifiable results**, such as **API performance optimization, reduced response times, and enhanced user interface efficiency**, across multiple high-value projects.

WORK EXPERIENCE

BOP Consultant Private | Sr. Software Developer | Feb'25 – Present

- ➔ Develop **Single Page Applications (SPA)** using **Angular 15** for healthcare platforms.
- ➔ Collaborate with cross-functional teams for **requirement analysis, sprint planning, and client communication**.
- ➔ Implement **RESTful API integrations, NgRx-based state management, and performance optimizations** to enhance application efficiency.
- ➔ Mentor junior developers and contribute to **front-end architecture discussions**, ensuring **scalable and maintainable solutions**.

R Systems International | Sr. Software Developer | May'24 – Jan'25

- ➔ Delivered **Angular 15 SPA applications** for real estate platforms with **dynamic filtering, CRUD operations, and data visualization**.
- ➔ Managed **Azure DevOps pipelines and Git version control** to streamline project delivery.
- ➔ Optimized **API performance** through caching, reducing response times and improving application throughput.
- ➔ Collaborated with stakeholders to transform business requirements into **technical deliverables**.

LTIMindtree Private Limited | Sr. Software Developer | Aug'22 – May'24

- ➔ Developed **Angular 14 SPA applications** for BFSI projects, including **retailer management modules** with reactive forms.
- ➔ Implemented **NgRx and RxJS state management** to enhance scalability and maintainability of applications.
- ➔ Participated actively in **Agile ceremonies**, collaborating through **Jira and Microsoft Teams**.

IQGateway Private Limited | Sr. Software Developer | Jan'20 – Aug'22

- ➔ Delivered **Angular 12 SPA applications** for healthcare and job portal domains.
- ➔ Designed **responsive UI** using **Material UI and Bootstrap frameworks**.
- ➔ Maintained **scalable application state** using **NgRx and RxJS**, ensuring performance optimization.
- ➔ Engaged in **client communication**, prioritizing feature delivery to meet business goals.

BizRuntime IT Services | Software Engineer | Apr'18 – Apr'19

- ➔ Developed **SaaS-based Angular 4/6 SPA applications** for Oil and Gas industry clients.
- ➔ Implemented **chat, channel, and hashtag modules** with dynamic rendering.
- ➔ Coordinated with **global clients** using **Slack, Skype, and Redmine** for project management and progress tracking.
